Positively Odorless

This log truly radiates heat and is very economical in the use of gas. The 18-inch size log on artificial gas consumes only 23 feet of gas per hour.
The back stick contains the water vaporizing pan.
Because of its perfect combustion and freedom from odors, the Universal Odorless Log can generally be used in that type of fireplace which has no flue or vent.

EASY TO INSTALL

(1) Shows rear view of READYBUILT. The facing and returns are cast in one piece—thickness 1½ inches. To install, merely set fireplace flush against wall—cutting out baseboard. Drive hooks into wall to which fasten fireplace securely by means of wire attached to two turnbuckles, with which all fireplaces are equipped.

(2) The new improved curved back Readybuilt Lining fits neatly in opening of fireplace. The joint between Readybuilt Lining and fireplace should be sealed with cement mortar.

(3) The Readybuilt Hearth represents 4 x 4 inch tile and thickness is ¾ inch. Set in place on top of floor in opening of fireplace. By laying hearth moulding around the hearth adds finishing touch. All Hearths furnished full width of fireplace.

(4) Wood Mantel Tops can be furnished in mahogany or white finish. Highest grade workmanship and material—all ends and corners mitered. Thickness 3 inches and projects 2½ inches over front and sides of fireplace.

Fireplace Accessories—Andirons, Grates and Logs are not included in the above prices *See Page Nos. 123-124*
